## Accuracy Passing Under Pressure

### Drill Setup

Set up a field that is 20X20 yards.

Four players should be in each of the corners with the remaining two players in the middle of the grid.

One of the two players work while the other person rests with their hands on their knees.

Two balls are used and the ball starts in opposite corners.

## Zig-Zag Dribbling Drill

### Drill Setup

Setup cones about 5 yards apart in a zig-zag pattern.

The length of the zig-zag pattern should stretch approximately 20 yards in length.

Players line up at the last with a ball each.

## Shooting Agility Drill

### Drill Setup

Place a goalkeeper in the goal.

Set a winger player on either side of the field.

Place a target player near the top of the penalty area.

About 35 yards out, line-up 5-6 cones about 1 yard apart.

The remaining players should form a line (with soccer balls) behind the line of cones.
